

Database Login Q & A

1. What to do if you forgot your database password?
2. Where to change your username and password.
3. What if I didn't receive my login information? **This is the one I would really like to get out to the masses....particularly for people in clubs whose HL's have either stepped down or are less engaged and may not even know yet about the database. Didn't receive your login information? Contact srobbins@4h.mb.ca.**
