

# Do it!

## Seed Identification

Look at the pictures below or at a collection of seeds provided by your leader. Match the name of the plant to its seed.

Select from the following:

Potatoes

Carrots

Corn

Flowers

Beans

Peas

## Seed Bombs

Seed bombs are small balls of soil and seeds. Make these any time of the year and save them for spring. Throw them into your garden and wait for them to grow.

### Supplies:

- Red clay
- Dry, organic compost or soil
- Seeds (any seeds - flowers or vegetables such as cilantro, parsley, lettuce, peas, etc.)
- Water

### Directions:

1. Mix 5 parts clay, 2-3 parts compost or soil.
2. Gradually add 1-2 parts water.
3. Knead mixture to the consistency of cookie dough.
4. Roll into small to medium sized balls about the size of cookie balls. They should fit in the palm of your hand. Add 4-5 seeds to the mixture for each ball.
5. Set seed bombs out to dry for a day or two. They will dry more quickly if they are set in the sun.

### More Leaves...

Make seed bombs using recycled, shredded paper. Visit

<http://offbeatbride.com/diy-seed-bomb-favors/>

In the spring, place the seed bombs in your garden. Ask permission before planting any seeds.
