Intermediate, Senior & Adult Activities for Home

Sustainable Agriculture & Food Security

Composting

Below the poster is the link to the instructions to make your own counter top composter.

Agriculture For Life released their first Learning Lab on Sustainability - <https://www.agricultureforlife.ca/learning-labs>. Open the lab door to interesting activities for 4-Hers of all ages and project areas.

Please take a picture of your completed projects and send to learns@4h.mb.ca.
