

# Advancing Women

In Agriculture  
Conference

AWC VIRTUAL 2020 - November 24 & 25, Online

## Women passionate about agriculture! Join us at Advancing Women Conference AWC Virtual 2020

AWC is a leadership conference for women in ag that emphasizes learning opportunities in **financial management and independence, communications** (including networking, personal branding, advocacy), **health** (mental and physical) and **balance of life strategies and setting goals in all areas**.

Albeit virtual, AWC is a great gathering of women in ag from across Canada and women from the Yukon to England to Australia. Join us to listen, learn, network and grow with other industry leaders, farmers, entrepreneurs, grower association members and corporate agri-business representatives. This conference we are proud to have the Saskatchewan Women in AG join us at AWC as speakers and delegates.

**Students studying ag in universities and colleges across Canada!** Join us at AWC Virtual 2020. Meet other students from across Canada.

**Register today at <https://www.advancingwomenconference.ca/2020virtual/> or call 403-686-8407**
