

## Bright and Cheerful Kid-Made Mother's Day Card

### Supplies:

- [Regular size](#) and [mini size](#) cupcake liners
- buttons
- [5-inch by 7-inch blank cards](#)
- green crayon (you could also use green cardstock paper)
- [tacky glue](#)
- glue stick

### Instructions:

1. Start by writing Happy Mother's Day on the bottom right corner of your blank card. You can use any color you like.

2. Next glue a regular size cupcake liner onto the card with your glue stick. Leave the edges unglued so they pop off the card some.

3. Take another regular sized cupcake liner, fold it in half and trim it down a bit. You can make the edge curvy or make slits along the edge around the liner. However you want to customize your flower. Then glue it down on top of your other cupcake liner.

4. Layer your flower one more time by gluing a mini cupcake liner on top.

5. Glue a few brightly colored buttons in the center of your flower.

6. Finish your flower card by drawing a stem on your flower with your green crayon. You could also use green cardstock paper for the stem, or green buttons.

**Card could be used for Grandma too:**

You could insert a picture on the inside of the card and write a personal message to Grandma for Mother's Day.
