

**CANADA**  
4-H Manitoba

## Attestation for 4-H In person Programming during the COVID-19 pandemic

4-H is dedicated to providing a safe and inclusive learning environment that allows for universal access and participation. As part of providing a safe and healthy environment for youth, 4-H is required to comply with local health and venue requirements, subject only to legitimate narrow exemptions under human rights legislation.

4-H Manitoba's policy on in-person programming and vaccination is that all participants/volunteer leaders and guests, who are eligible for vaccination, must be fully vaccinated against COVID-19.

In this attestation, "*fully vaccinated against COVID-19*" means you have received the full series of a vaccine authorized in Canada at least 14 days ago\*

I affirm that my answer provided below is true and correct to the best of my knowledge and belief. I understand that any misrepresentation or falsification of this Attestation would be dishonest and would constitute a violation of the Code of Conduct for 4-H in Canada.

- Yes. I have read the above and hereby confirm my COVID-19 vaccination status as fully vaccinated against COVID-19.
- No. I am not fully vaccinated against COVID-19. I understand 4-H is unable to grant permission to attend
- I would like to discuss if virtual options are available
