

BUTTON SHAMROCK

This shamrock button art project is so easy to do!

Materials:

- canvas
- green acrylic paint
- painter's tape
- green buttons (a variety of sizes)
- shamrock stencil (you can just print up a shamrock shape to use)

Directions:

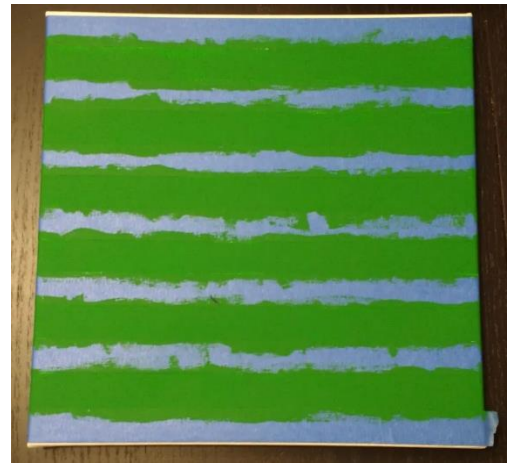

1. Use your shamrock stencil to draw a shamrock on your canvas.

2. Use painters' tape to create lines on your canvas.

3. Paint the Spaces
4. Let dry, take off the painters' tape and paint your clover. Use a different color green so you can still see the outline on the painted lines.

5. Use a hot glue gun and start attaching buttons.
